

***What are your responsibilities as a patient at
Burke?***

- **Provide complete information about your past and current health**
- **Report unexpected changes in your condition to healthcare providers**
- **Follow the treatment plan and actively participate in the rehabilitative process**
- **Ask questions if you do not understand matters related to your health or treatment plan**
- **Honor the rights, property and privacy of staff, patients and visitors, keeping with Burke's policy against offensive behavior of any kind**
- **Maintain a drug, smoke, alcohol and weapon free environment; Juuls and Vapes are not permitted**
- **Assist in controlling noise**
- **Fulfill financial obligations of your healthcare**
- **Participate in creating a discharge plan which meets your medical and social needs**
- **Provide copies of all advance directives**

Thank you for partnering with us.

We look forward to working together.
